A close-up photograph of a rug loom. The image shows the complex arrangement of threads, including the warp (kettfäden) and weft (schussfäden) threads. The threads are organized into a grid-like structure, with some threads being plain beige and others being brightly colored in shades of yellow, magenta, and purple. The perspective is from a slightly elevated angle, looking down at the threads as they are being woven.

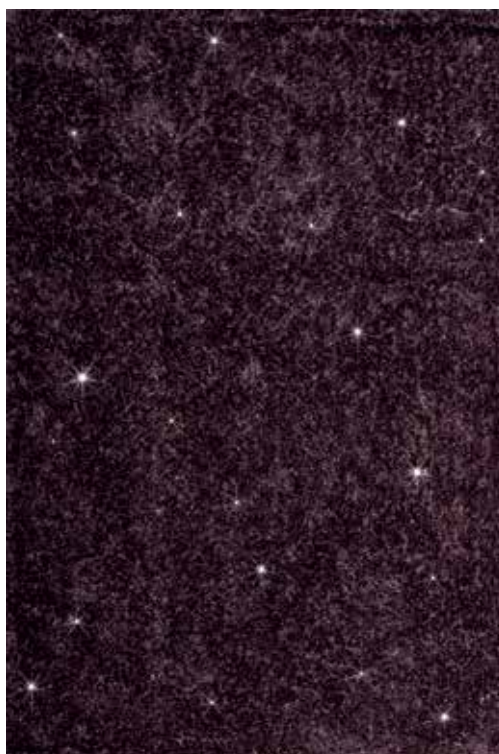

**Auf die Basis kommt es an.**

Die Kette oder die Kettfäden bilden gemeinsam mit den Schussfäden das Grundgewebe eines geknüpften oder gewebten Teppichs.

**The groundwork counts.**

Chaining thread and filling thread form the ground fabric of a knotted or a woven rug.

A close-up photograph of a rug with a complex, multi-colored pattern. The colors range from deep red and magenta to bright orange and yellow, with some purple and blue tones in the lower portion. The texture appears to be a thick, woven material. A semi-transparent blue rectangular box is overlaid on the right side of the image, containing white text.

A close-up photograph of a wooden weaving shuttle. The shuttle is made of dark wood and has several parallel grooves along its length. Several threads are visible, including a prominent purple thread and a green thread. The background is blurred, showing more threads and the texture of the shuttle.

### **Traditionell in der Herstellung.**

Die Kettfäden werden auf den Webstuhl gespannt, danach werden die Schussfäden mit einem Webschiffchen von rechts nach links geschossen.

### **Traditional fabrication.**

The chaining threads are tightend upon the weaving machine before a shuttle shoots the filling threads from the right to the left.
